SKYWEST PROFESSIONAL PILOT PATHWAY

The SkyWest Professional Pilot Pathway with Skyborne, offers you an exciting and unique route to the flight deck with SkyWest Airlines. Skyborne's flagship FAA Part 141 program can take you from zero experience through CFI, and beyond, along a managed pathway into a career with SkyWest Airlines.

Once selected by Skyborne, you will receive a Qualified Job Offer from SkyWest. You will then benefit from Skyborne's unique airline focused approach to training and the Skyborne Guarantee*, in one of America's flagship flight schools in Vero Beach, Florida. Having completed the program through CFI, suitable pilots will be initially employed by Skyborne as Flight Instructors, and will receive full-sponsorship from SkyWest for the cost of Certified Flight Instructor - Instrument (CFII) and Multi-Engine Instrument (MEI), as you work towards your 1500 hours total time, before eventually transferring to SkyWest to begin their career as a First Officer.

This is a truly mentored airline pilot career program.

**Skyborne Guarantee: offers a complete refund of all fees after the Private Pilot Certificate (PPC) phase, if training after that point cannot be completed for proficiency reasons.*

GIVE YOUR CAREER THE BEST POSSIBLE START

DELIVERING EXCELLENCE

Skyborne's innovative and in depth approach to airline pilot training is raising the bar. Due to our combined expertise and vast industry experience, we know what airlines are looking for from newly qualified pilots.

We are unique in integrating theoretical knowledge with practical flight training from the very first stages of your course in a truly airline focused way. As you experience our Progressive Continuous Learning methodology, you will develop your talents and absorb new skills from our vastly experienced instructors.

From the start of your training you will be immersed in airline philosophy, custom and practice to better prepare you for airline operations. Skyborne delivers the highest quality training in the best facilities and we continue to strengthen our links with airlines across North America and beyond.

Learn to fly the Skyborne way.

SELECTION PROCESS

- 01 The first stage of selection is to complete the Skyborne online application form using the 'Apply Now' link on skyborneacademy.com/skywest. You will be asked to answer a series of questions designed to gather information to assess your suitability for the program.
- 02 Your application will be screened against specific Skyborne criteria.
- 03 If you meet the entry requirements you will receive an email link to complete a series of AON online aptitude tests and a psychometric questionnaire.
- 04 Successful candidates will be invited to complete the Skyborne non-technical assessment day at Vero Beach, Florida. This will include group exercises, an interview and aptitude test verification. You will receive a presentation on Skyborne and the program, plus a tour of the facilities.
- 05 Shortlisted candidates will be offered a place on the course subject to meeting documentation requirements.

COURSE OVERVIEW

You'll learn to fly the Skyborne way. Our unique training methods provide you with the knowledge, skill and professional attitude needed; setting you up to embark on a career as a professional airline pilot with SkyWest.

What are the entry criteria?

A US citizen or show proof of the unrestricted right to live and work in the USA.

Is there an age restriction?

You must be at least 18 years old at the time of application.

Are there any medical requirements?

A current and valid FAA 1st Class Medical Certificate is required before starting the Program.

What academic qualifications do you require?

You must have an education level equivalent to a US High School diploma or higher. Education not obtained in the US or at an IBO school must be certified as equivalent to a US High School diploma.

Some airlines may require additional academic qualifications.

Is there a language proficiency requirement?

You must be fluent in English – both written and spoken. As a guide, you must be proficient enough to achieve ICAO Level 4.

Are there any finance and funding options available?

- We recognize that learning to fly can be expensive, so we are delighted to be working with several institutions to provide a range of funding solutions.
- Please consult the Finance and Funding part of the SkyWest Professional Pilot Pathway page on our website for the most up-to-date information.

To apply you must be a US citizen or show proof of the unrestricted right to live and work in the USA and be able to achieve clear background checks.

SKYBORNE VERO BEACH, FLORIDA USA

Skyborne Airline Academy, Vero Beach, our world-renowned training base, is in the optimum location for your initial flight training; set on a 30 acre bespoke campus with 320 days per year of suitable weather.

Vero Beach is the perfect training facility and location due to its year-round flying conditions and superb flight training environment, conveniently located between Orlando and West Palm Beach. With 137 airports in Florida and no restrictions on where we can train it is ideally positioned for you to complete your flight training.

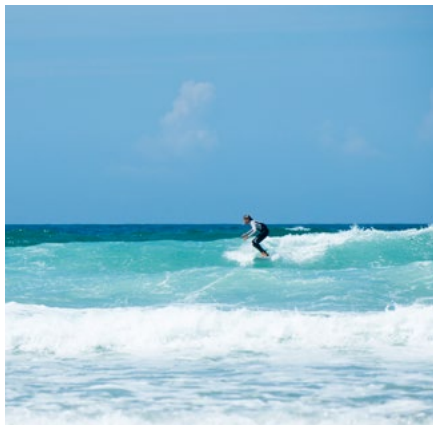

DEVELOPING CHARACTER IN A CAMPUS-STYLE ENVIRONMENT

The 30 acre campus is home to some of the best flight training facilities and accommodation in America, to make your flight training as convenient as possible. With numerous ground school classrooms, more than 50 aircraft and simulators, plus extensive maintenance facilities, Skyborne will support all of your professional flight training needs.

We recognize that in order to thrive, you need to feel comfortable in your surroundings, as you complete your training in Florida; therefor our accommodation consists of 314 newly appointed air conditioned bedrooms, set up in the style of self contained apartments. This makes for a supportive environment, living with people training alongside you, in a place you can call your own and only a short walk from the training center!

Our leisure facilities include an outdoor pool/BBQ area, soccer field, basketball court; plus we run regular transport to the beach, so you can make the most of the beautiful Vero Beach and amenities.

All of this has been developed with you in mind, allowing you to completely immerse yourself in your pilot training.
