UNITED AIRLINES AVIATE PROGRAM WITH SKYBORNE

This pilot career development program offers you a direct route to a United Airlines flight deck, the leading airline in the USA.

United's Aviate Program in partnership with Skyborne, provides you with a clear career pathway from the beginning of your flight training at the Skyborne Airline Academy, Vero Beach, Florida, to a position as a First Officer at United Airlines. Skyborne has some unique features, not available anywhere else in the USA. Moreover, you get to train at one of the leading flight schools in the World.

You will learn to fly the 'Skyborne way'. A unique approach to training, which will see you immersed in airline technique, custom and practice, meaning you will be 'airline ready' by the time you leave Skyborne and continue to build experience with Aviate partners, on track to First Officer at United.

Your journey begins by applying to Skyborne on www.skyborneacademy.com/aviate. Your application is then screened against criteria set by Skyborne, and if you meet the criteria, you will be invited to undergo pilot selection online. If successful, you will then begin your training on our full-time, residential FAA 141 course through CFI. Upon completion of CFI, if you meet Skyborne's standard, you will be offered a job as a Flight Instructor with Skyborne. You will be fully mentored by Skyborne's experienced Flight Standards team through to 1,500 hours total time. Once you complete your Private, you will be eligible to apply to Aviate. Skyborne's partnership with Aviate is truly a fully mentored, airline career pathway, delivered by one of the world's most respected and professional flight schools.

DELIVERING EXCELLENCE

Skyborne's innovative and in-depth approach to airline pilot training is raising the bar. Due to our combined expertise and vast industry experience, we know what airlines are looking for from newly qualified pilots. We are unique in integrating theoretical knowledge with practical flight training from the very first stages of your course in a truly airline focused way. As you experience our Progressive Continuous Learning methodology, you will develop your talents and absorb new skills from our vastly experienced instructors. From the start of your training you will be immersed in airline philosophy, custom and practice to better prepare you for airline operations. Skyborne delivers the highest quality training in the best facilities and we continue to strengthen our links with airlines across North America and beyond.

Learn to fly the Skyborne way.

SELECTION PROCESS

- 01 Visit www.skyborneacademy.com/aviate and click on the 'Apply Now' link to complete the Skyborne application form. You will be asked a number of questions which will be screened to assess your eligibility and suitability for Skyborne.
- 02 If you meet the entry requirements you will receive an email link to invite you to complete a series of pilot aptitude tests and a psychometric questionnaire.
- 03 If successful, you will be invited to complete an online interview and aptitude verification.
- 04 Shortlisted candidates will be offered a place on the course subject to meeting documentation requirements.
- 05 Once you successfully complete your Private Pilot Certificate (PPC), you can then formerly apply to United's Aviate Program.

COURSE OVERVIEW

You'll learn to fly the Skyborne way. Our unique training methods provide you with the knowledge, skill and professional attitude needed; setting you up to embark on a career as a professional airline pilot with United.

What is the entry criteria?

A US citizen or show proof of the unrestricted right to live and work in the USA.

Is there an age restriction?

You must be at least 18 years old at the time of application.

Are there any medical requirements?

A current and valid FAA 1st Class Medical Certificate is required before starting the Program.

What academic qualifications do you require?

You must have an education level equivalent to a US High School diploma or higher. Education not obtained in the US or at an IBO school must be certified as equivalent to a US High School diploma. Some airlines may require additional academic qualifications.

Is there a language proficiency requirement?

You must be fluent in English - both written and spoken. As a guide, you must be proficient enough to achieve ICAO Level 4.

Are there any finance and funding options available?

We recognize that learning to fly can be expensive, so we are delighted to be working with several institutions to provide a range of funding solutions.

Please consult the Finance and Funding part of the United's Aviate Program in partnership with Skyborne page on our website for the most up-to-date information.

To apply you must be a US citizen or show proof of the unrestricted right to live and work in the USA and be able to achieve clear background checks.

SKYBORNE VERO BEACH, FLORIDA USA

Skyborne Airline Academy, Vero Beach, our world-renowned training base, is in the optimum location for your initial flight training; set on a 30 acre bespoke campus with 320 days per year of suitable weather.

Vero Beach is the perfect training facility and location due to its year-round flying conditions and superb flight training environment, conveniently located between Orlando and West Palm Beach. With 137 airports in Florida and no restrictions on where we can train it is ideally positioned for you to complete your flight training.

Skyborne's excellent facilities include six ground school classrooms, more than 50 Piper single and multi-engine aircraft, two Redbird Simulators and three maintenance hangars; all to support your training needs.

On site accommodation is newly refurbished, equipped with modern furniture and appliances, and conveniently located next to the flight training facility at Vero Beach Airport.

Our leisure facilities include an outdoor pool/BBQ area, soccer field, basketball court; plus we run regular transport to the beach, so you can make the most of the beautiful Vero Beach and amenities. All of this has been developed with you in mind, allowing you to completely immerse yourself in your pilot training.
